

Anna Lotan Pro x GLOWPIN Glow Up Facial

This treatment combines Anna Lotan PRO products with the cutting edge micro infusion science of the PDO Max Glowpin. This treatment is designed for those looking to boost the results of their age management treatments. The glowpin is minimally-invasive technique uses tiny needles to create microscopic punctures in the skin. As these punctures heal, they trigger the body's natural wound-healing response and stimulate the production of new collagen and elastin.

- **Step 1: Cleanse -** Cleanse the skin with the Rosease Pure & Gentle Cleansing Foam using warm water. Remove with a hot towel or 4x4's and warm water.
- **Step 2: Hydration Before Exfoliation -** Hydrate and prepare your clients skin for the exfoliation with the Rosease Quenching Gel Mask. Paint a layer of the mask to the clients skin. Let sit for 10-15 min. Remove the mask with a hot towel or warm water and 4x4's. Pat the skin dry with 4x4's or tissue.
- **Step 3: Exfoliate -** Apply a small amount of the Rosease Exfoliate and Restore to both to the face and gently massage for 3-5 minutes. Remove with a hot towel or 4x4's and warm water. Remove the mask with a hot towel or warm water and 4x4's. Pat the skin dry.
- **Step 4: GLOWPIN -** Fill the GlowPin airless pump with the HA Maximal and attach the needle head. Perform the GlowPin Micro Infusion treatment as detailed in the modalities manual. Once complete gently massage in any remaining serum into the skin.
- **Step 5: Mandelic Acid -** Gently massage the Mandelic Acid Exfoliating Gel onto your clients skin. Leave on.
- **Step 6: Peptide Serum -** Massage in a thin layer of the Cell 2 Cell Repair Emulsion into the clients skin. Leave on.
- Step 7: Barrier Repair Massage in a thin layer of the Jerusalem Balsam into the clients skin. Leave on.

Anna Lotan Pro x GLOWPIN Glow Up Facial

Step 8: Mask - Paint on a layer of the RedEx mask to the clients skin. Let sit for 10-15 minutes. Massage in or remove the remaining mask.

Optional: LED - While the RedEx mask sits on the clients face you can sit them under LED.

Step 9: Moisturize - Gently apply a layer of Resilience 99. Leave on.

Step 10: Lip Care - Apply the Shea Butter Lip Balm to the clients lips using a q-tip.

Step 11: Sun Protection - If the treatment is performed during the day, follow the treatment with the appropriate UV Daytime Protection.

Give your client an Anna Lotan PRO Post-Procedure kit to use for the days following the treatment.
