MAKEUP REMOVAL

Splendor Makeup Remover

Code: 641P

i How to use

Gently massage the pampering, oil saturated cream until it softens into a milky cleansing lotion that will instantly dissolve all makeup traces and be easily rinsed off. We have invested a lot of love in formulating this cleanser to allow the users to indulge and enjoy a thorough yet extra mild facial MAKEUP REMOVAL.

🎯 What is it for

Very important to rid the skin of all iron oxides (metal pigment) traces. While they successfully concealed excessive facial redness (during daytime) they tend to accelerate free radical damage due to the interaction with the lipids of the skin's barrier.

2

FACIAL CLEANSING

Pure & Gentle Cleansing Foam

Code: 642P

(i) How to use

While the oil based Makeup Remover was capable of dissolving (even dried) oily residues accumulated on the skin's surface - you may now lightly spread the soft airy texture all over the skins surface with no worries about irritating the gentle eye contour area or degreasing the skin. The foam will effectively PURIFY the skin and even calm minor irritations!

(🎯) What is it for

Inspite of the light, airy texture of this cleansing foam - it reaches every spot when smoothed over face. The excellent antimicrobial profile of its gentle formula will effectively lower microbial count all over the skins surface and give the skin's alert receptors some rest. This foam may even serve as an excellent hygienic care cleanser acting as a **preventive remedy** for sensitive; atopic skin which is prone to develop eczema, irritations and inflammation.

3

REDNESS RELIEF

Quenching Gel Mask

Code: 643P

(i) How to use

Apply in a generous enough layer to deeply calm and hydrate the treated skin acting on the principles of **osmosis**. Leave on for 15-20 minutes before you proceed to the next step. Use the time for clients relaxation or for a calming scalp massage; Pampering hand treatment etc.

(🎯) What is it for

This is a cooling and soothing mask - but at the same time it also deeply hydrates the skin preparing it for the specially gentle exfoliation that these sensitive skin types can endure. There is no need to rinse off the residue of this mask. Excess may be gently removed with slightly moist tissues.

4

EXFOLIATE & RESTORE

Exfoliate & Restore Gentle Renewal Lipogel

Code: 649P

i How to use

Rich and soft, acid and abrasive free exfoliating gel. Enables removal of dead cells to encourage skin renewal yet, it will restore what has depleted due to age and wear; improper cleansing and moisturizers loaded with emulsifiers. Massage with fingertips until all the gel transforms into a smooth oil. Continue massaging until underlying skin feels smooth. Then, rinse off and pat dry. You will find that the skin will not be stripped of it's lipid components but rather there is a new lipid layer protecting the skin and supporting the natural skin barrier. Ideal for weekly maintenance for fragile skin.

+ What is it for

Exfoliate & Restore is focused on extra gentle exfoliation however when rinsed off not ALL components in the gel will be washed off. They will leave a highly protective lipid layer that will restore this fragile skin's barrier functioning.

COOLING & CALMING MASK

Calm & Cool Nameko Daily Moisturizer & Cooling Peel Off Seaweed Mask

Code: 647P & 608S

i How to use

To obtain the most of the Soothing Sensation for this mature/dry/fragile skin apply a thin layer of **Calm & Cool Nameko Daily Moisturizer** under the Cooling Seaweed Mask. Once mask is removed apply a thin layer of 647 onto the skin.

Optional: Sensitive skin prone to develop redness may enjoy (especially in the summer) the Cooling Seaweed Mask. Follow the directions on the container on how to prepare the mask correctly.

What is it for

A pleasant cooling sensation accompanied with relaxation at the end of the treatment session is always welcome by our clients.

The Calm & Cool Nameko Daily Moisturizer is a cooling, skin friendly moisturizer designed to soothe & protect with protective polysaccharides. Japanese Nameko mushroom, extract of Prickly Pear Cactus and Aloe Vera juice are added to increase the skin's moisture retention capacity.

The seaweed mask emits water when the algin is setting. A layer of water finds its way to the narrow gap between the mask and the skin. This will help detach the mask in one piece when the alginate is fully set. Another layer of water accumulates on the external surface of the mask. As this water evaporates it will provide a cooling sensation similar to the cooling effect of sweat which governs human thermo-regulation.

CONCEALING COVERUP ON A PREMIUM ANTIOXIDANT BASE

*optional

Ester C Serum + Concealing Powder Foundation

Code: 201-3P + 101P

i How to use

If the client is more comfortable with a bit of coverage applied at the end of the treatment apply a thin layer of **101 Ester C** from the Anna Lotan PRO line. This smooth vitamin C oil will serve as a perfect "Primer" for the **Concealing Powder** that matches the clients skin tone. Pat lightly a little powder with a makeup brush or clean fingers until the required coverage is obtained.

What is it for

This type of coverage which is composed of totally Oil Free formulations **does NOT increase water availability** and for that reason it is preferred to be used at the end of a relatively intrusive treatment.
